<b>Author:</b>	Vice Principal Finance & Planning
<b>Date Issued:</b>	March 2021
<b>Approved By SMT</b>	March 2021
<b>Approved by F&amp;R</b>	23 March 2021
<b>Approved by Corporation</b>	30 March 2021
<b>Impact Assessment Completed</b>	March 2021
<b>Date of Next Review</b>	March 2022

## Equality Impact Assessment Form

The completion of the Equality Impact Assessment (EIA) will help us to ensure that our policies, procedures and practices do not discriminate or disadvantage people and also improve or promote equality.

**In relation to: disability; gender reassignment; marriage and civil partnership; pregnancy and maternity; race; religion or belief; sex; sexual orientation.**

1. Please explain if you identified any inequalities or possible discrimination in the policy, procedure or practice?

There are variances in the fees paid depending on the age of students and qualifications taken but these are set by the funding body rules, so application of these rules ensure that all students are treated fairly within the structure of them.

2. If identified, how have you changed the policy, procedure or practice to remove or mitigate the inequality or discrimination?

N/A

3. Any follow up actions required?

N/A

## **Purpose**

The purpose of this Policy is to set out Shipley College's approach to fee setting for all courses delivered by the College.

## **Scope**

This Policy applies to all Shipley College courses.

## **Responsibility**

It is the responsibility of all staff and subcontractors to comply with the requirements of this Policy and for Heads of Sector to ensure its implementation. Policy and practice is overseen by the Vice Principal Finance and Planning.

## Principles

### **1) Vocational Courses within the Programme agreed with the Education and Skills Funding Agency (ESFA)**

Courses to be priced based on minimum student numbers and market sensitivity, to aim to contribute £120 per teaching hour including the ESFA income, taking into account the assumed mix of remission and fee paying students.

The fee for a Full time study programme is only payable by students over 19; this will be calculated on an individual basis and circumstances based on the funding rate of the qualification.

In line with the Education and Skills Funding Agency (ESFA) requirements, no compulsory administration, enrolment, registration, or examination fees for 1<sup>st</sup> attempts will be charged to students aged 16-18 in full-time or part-time education.

### **2) Course Fee Remission (19+ Funded Courses only)**

Remission of course fees will continue to be provided to those students who fulfil the Education and Skills Funding Agency/West Yorkshire Combined Authority eligibility criteria in a given year. Such students may be able to receive assistance with exam fees from the Discretionary Learner Support Fund provided to the College by the ESFA.

### **3) Courses not attracting funding from the Education and Skills Funding Agency but eligible for Advanced learning loans**

Fees will be set in line with maximum loan value, which is set by reference to the funding the course would attract for students eligible for full ESFA funding. Only in exceptional cases will the fee be higher than this value, in which case the student will be liable to pay the excess direct to the College. Where the College feels that market sensitivity applies and the course can be viable at a lower or higher fee then this will be agreed with SMT.

**4) Courses not attracting funding from the Education and Skills Funding Agency (Full cost recovery)**

Courses to be priced based on minimum student numbers and market sensitivity to aim to contribute a minimum of £70 per teaching hour. Any variation below this to be discussed with the Vice Principal Finance & Planning.

**5) Apprenticeships**

Apprenticeship fees are based on the funding cap set by the ESFA and agreement with the employer on the fee needed to cover the specific costs of the apprenticeship and a contribution to cover overhead costs. Where required by the rules on ESFA apprenticeship funding, a 10% contribution will be collected from employers.

**6) Community learning and Pound Plus**

Pound Plus is used by the Education and Skills Funding Agency (ESFA) to describe the added value required to supplement the existing community learning income streams to widen the offer to people who are disadvantaged and can not afford to pay fees.

The College will maximise the value of public funding and secure increasing levels of Pound Plus to enable it to deliver a quality community learning programme that meets the needs of Bradford's individuals, families and communities.

There is an expectation that the College will add value to this funding pot by attracting extra income by charging fees where appropriate, cutting costs and reinvesting to widen the offer to people who are disadvantaged and cannot afford to pay fees.

**7) Other Courses**

For courses that do not fall into any of the categories above, fees will be agreed with the company, funding body, client etc. in accordance with guidelines established by the SMT and the Corporation's Financial regulations.

**8) Overseas Students**

Overseas students will be liable to pay £6900 for a study programme, which may be payable by instalments, as agreed within the Corporation's Financial Regulations.

**9) Class cancellation & refund policy**

Prior to the start of a course, the College will consider an application for the refund of fees. The College will refund fees if the course fails to start or if it is cancelled by the College within 3 weeks of the start date due to low enrolments. Once the course has started, refunds are not available in any other circumstances.

If a class is cancelled for reasons beyond the College's control, such as bad weather, the College will attempt to give as much warning as possible. While every attempt will be made to replace a cancelled class, we regret that the College cannot guarantee to do so. Where it proves impossible to do so, the College will not make a refund.

## **Monitoring and reporting**

Compliance with Policy and Procedures will be monitored by the Vice Principal – Finance and Planning during the curriculum approval process.

Annual review of the above by Corporation – Finance & Resources committee will review the Policy and recommend it to the Corporation.

## **Links to other documents**

This Policy links to section 5 of the Financial Regulations which sets out more general principles of collecting fees, payment of fees by instalments, refunds of fees and policy for discounting fees.

Advice for students is given in the College prospectus and on the website.
