WELCOME TO SHIPLEY COLLEGE

As a Deputy Head of Department, you will work with Heads of Department to improve student performance, welfare, and sense of belonging - directly driving our mission to deliver life-changing learning at Shingley College.

Your day-to-day operational leadership will ensure students attend well, behave well and achieve their targets; leading to lives filled with greater hope, ambition, and happiness.

Your high expectations and standards will translate directly into measurable improvements in student progress and as a dependable source of pastoral challenge and support, you will help students to overcome barriers to learning and achieve their value-added achievement targets.

At Shingley, our goal is to prepare students for success in learning, life, and their future careers, with your role being critical in helping them develop a strong work ethic and a true sense of ownership over their studies and future. Combining coaching with appropriate challenge, your educational experience will guide you in knowing when to praise, when to collaboratively explore, and when to deliver a firmer intervention - always underpinned by care, compassion, and an unshakeable belief in their potential to change and succeed.

Alongside your interactions with students, you will coach and mentor your departmental colleagues to improve their professional practice, and help them develop their course leadership skills. You'll be skilled at seeing patterns in data, and patterns of behaviours, and know when to gather all colleagues for a skillshare, or when to have a 121. This would be typical of your efficiency and how you approach all of your work.

You may be an exceptional Teacher with a track record of delivering outstanding outcomes, or an experienced FE Team Leader/Manager that wants to become a difference maker in Shingley College. If you always place the needs of your students first, and care passionately about your colleagues' performance and wellbeing, then we would be delighted to receive your application.
